

GHIBLI

it	Pittura al quarzo ad effetto sabbaiato
Descrizione	Il movimento delle sabbie di quarzo valorizza la superficie con movimenti morbidi e texture che ricordano le sabbie del deserto o del mare con un effetto opaco ruvido naturale e raffinato. GHIBLI come il nome del vento caldo e secco che plasma le dune del deserto del Sahara.
Resa	4,5 - 5,0 m ² /l
Interni/ Esterni	Interni
en	Quartz paint with sand effect
Description	Thanks to the calibrated and graduated quartz grains, it enhances the surface with soft movements and refined textures that call to mind the sands of the desert and the sea with a natural and refined matt effect. GHIBLI, like the name of the hot, dry wind that shapes the dunes of the Sahara desert.
Yield rate	4,5 - 5,0 m ² /l
Interiors/Exteriors	Interni
