

## VIEROPLAST

Stucco decorativo facilmente plasmabile per effetti decorativi personalizzati

it

### Descrizione

VIEROPLAST è la matrice ideale a disposizione del decoratore per creare effetti decorativi personalizzati: materici, spatalati, rigati. Facilmente plasmabile, attraverso l'utilizzo di diversi tools, permette di dar vita a soluzioni estetiche distinctive evocative di materiali diversi. La collezione colore qui proposta è studiata per evocare le atmosfere tipiche dell'uso della pietra, del legno ed il calore dei tessuti rigati a coste. STONE, WOOD e CORDUROY, sono solo alcuni esempi delle innumerevoli texture realizzabili con VIEROPLAST, utilizzabile da solo oppure in abbinamento con altre finiture decorative della linea Viero.

### Description

VIEROPLAST is the ideal matrix available to the decorator to create personalised decorative effects: textured, trowelled, ribbed. Easy to shape, based on the tools used it can give life to distinctive aesthetic solutions evocative of different materials. This colour collection is designed to recall the ambiences typical of the use of stone, wood and the warmth of striped & ribbed fabrics. STONE, WOOD and CORDUROY are just some of the application examples of the innumerable textures that can be made with VIEROPLAST, which can be used alone or together with other decorative finishes of the Viero line.
